

# Datanet India Pvt. Ltd.

Datanet India was established as an IT-enabled private limited company in February 2000 to render its services in the socio-economic information domain.

Its first web site [www.Indiastat.com](http://www.Indiastat.com) was launched on 14th November 2000, which was inaugurated by the then Minister of State, Dept. of Statistics, Planning and Public Grievances, Govt. of India, Shri Arun Shourie at New Delhi. [Indiastat.com](http://www.Indiastat.com) serves with authentic and perhaps the most comprehensive compilation of secondary level socio-economic statistical information about India and its states on various socio-economic parameters. These parameters are: General Info, Demographics, Economy, Agriculture, Civil Supplies and Consumer Affairs, Environment and Forest, Industries, Infrastructure, Companies, Education, Health, Housing, Labour & Workforce, Polity, Media, Insurance, Tourism, Crime & Law, Social Welfare & Developmental Schemes etc.

As its core activity, Datanet collects, collates and compiles in ready to use socio-economic statistical data about India, its various sectors, regions, states and districts to make it available online.

Datanet's foundation is laid on ethical values and strives for excellence through incessant research and development. It believes in understanding the needs and demands of our members and provides them quality information.

[Indiastat.com](http://www.Indiastat.com) is now a cluster of 57 associate sites, out of which 19 web sites are sector-specific, 6 are regional and 32 web sites are state-specific.

In January 2010, the company introduced [www.districtsofindia.com](http://www.districtsofindia.com) which is a storehouse of authentic socio-economic district level statistical information for the country. Out of 642 districts of India as per the census 2011, the statistical data for 620 districts for all the major categories have been presented on DistrictsofIndia.com and it is now a cluster of 660 independent web sites.

In its another endeavours, [www.electionsinindia.com](http://www.electionsinindia.com) was launched by the company in September, 2012 which offers parliament constituency-wise election data, since independence, for all the 543 parliament and 4120 state assembly constituencies in India.

In April 2012, Datanet India has also launched 6 regional web sites which provide comprehensive information on main geographical regions of India by covering states and districts therein for various socio-economic aspects.

Besides, Datanet India has also published one reference yearbook titled "Indiastat – Top 10 of India Yearbook" since 2006 and eight statistical publications as e-books. Few more e-Books are in pipeline.

Very recently, Datanet India has started an in-house GIS lab to create thematic maps of India.

Over the past few years, the profile of the registered members of various websites of Datanet India has grown tremendously. Almost all major business and management institutes, socio-economic research organizations, Domestic and International NGOs, UN Bodies, financial, project, business and management consulting firms, higher educational institutes/universities, libraries, individual researchers, academicians, analysts, consultants and professionals from the host of disciplines from India and over 15 countries are taking its services as an extremely useful virtual resource for their information needs. During the thirteen years of our dedicated service we have had the honour of issuing more than 11000 memberships. Datanet has privileged to state that out of top 50 universities of the world; more than 25 universities are our esteem members. In India, all the IIM's, all ICSSR institutions, most of the IIT's and premier institutional bodies and corporate houses are being served by us. The authenticity and credibility of Indiastat is already endorsed by well-known Indian & International organisations.

Today, Datanet India with its 720 web sites that include data on India, its sectors, regions, states and districts level web sites, rendering its unique services to the socio-economic research fraternity in India and abroad for the last 13 years.

Recently, the effort of Datanet India has been recognized by Limca Book of Records for having the largest cluster of websites providing socio-economic statistical data.

Datanet team comprises experts from different fields who work under the aegis of Dr. R.K. Thukral, Ph.D. who is a professional with immense experience on socio-economic research and knowledge resources.
